ROADS

The map displays the Grabouw Plantation area, featuring a network of roads and rivers. A prominent 4x4 route is marked with a dashed black line, connecting 18 numbered points. The plantation boundary is shown as a solid black line. Various eco-tourism points are indicated by different symbols: green dots for guest houses, blue dots for overnight chalets, green squares for picnic areas, and blue rectangles for swimming spots. The map also shows neighbouring farms in grey, compartments in white, and various natural features like fynbos (green), riparian zones (blue), and dams/lakes (blue). A scale bar at the bottom right indicates distances up to 2,100 meters, and the scale is 1:15,000.
